

Fully Automatic Fly Ash Brick & Block Machine

- Maximum high pressure tonnage 80
- Total power required 30 HP
- Manufacturing capacity 8/10/12/16/18 bricks pcs
- Production in shift of 8 Hr: 8000 - 10000 pcs bricks
- oil tank capacity: 300 Ltr
- Type of control: Fully automatic

Semi Automatic Fly Ash Brick machine

- Maximum high pressure tonnage 80
- Total power required 20 HP
- Manufacturing capacity 4 pcs
- Production in shift of 8 Hr: 5500 pcs
- oil tank capacity: 280 Ltr
- Type of control: semi automatic

Vibrating table plant

- Manufacturing: Automatic Vibrator rubber mould moving and vibrating
- size: 10/3 feet and 9/2.5 feet
- Motor: 2 HP
- structure: MS plate with C channel

Clay & tertacotta zali machine

- MS body plate 32 mm
- hydraulic power pack
- Cylinder size 180/125/220
- Hopper capacity 400 Ltr
- production: 9000 pcs/8 hrs

Rubber moulds
